

Severe weather plan questionnaire

For professionally crewed vessels

Proper hurricane preparation should include adequately exploring multiple options to minimize the risk of loss in light of possible changing circumstances due to your boat's location and the projected storm path. Please fill in all shaded areas:

I. Named Insured:

II. Policy Number:

III. Name of Vessel/Yacht:

IV. Primary Berthing Location from 6/30 – 11/1:

Please Note: Wind coverage will be not afforded for vessels located south of Morehead City, NC between 6/30 and 11/1 unless an acceptable Severe Weather Plan is completed and approved by a Private Client Group yacht underwriter.

V. Please describe in detail your Severe Weather Plan

VI. General Questions

1. What is the minimum number of crew who will be living aboard the vessel from 6/30 – 11/1?
2. If the Captain is not available at any time between 6/30 – 11/1, who will be responsible for the safety and security of the vessel?

Name: Phone:

3. What additional steps will you take to avoid a loss? Examples: remove electronics, canvas, portable equipment, tenders/dinghies, outboards etc.
4. Do you plan on having any work done on the vessel between 6/30 -11/1 that could prevent the execution of your Severe Weather Plan? Example: engine overhaul, major maintenance etc.

Yes

No

If yes, please provide full details, including name and location of the shipyard/facility, nature of work, estimated time frame.

5. Is the vessel participating in any boat shows between 6/30 – 11/1?

Yes **If yes**, which one(s)?

No

6. If we have any questions regarding your Severe Weather Plan, who can we contact for further information?

Name: Phone:

If you have any questions regarding the completion of this questionnaire, please contact your independent insurance agent/broker or contact:
